

EQUIPMENT AND UNIFORM PACKING LIST

Prior to arriving at Academy, a chief, health and safety officer, and/or training officer should inspect their candidates structural firefighting PPE and SCBA to ensure it is NFPA compliant. IFSI personnel will complete a visual inspection of all structural firefighting PPE and SCBA upon arrival to the Academy.

Bring all PPE and equipment on the first day of the program.

A copy of your respiratory fit test should be emailed to mhall5@illinois.edu prior to the first day.

EQUIPMENT LIST:

The following items are **mandatory** for practical/hands-on training:

- Two (2) hoods
